GUEST TESTIMONIALS

"It's a fantastic entertainment event for both clients and work colleagues. What better way to spend two-hours together catching up both personally and professionally, and the basketball is only part of the fun. The atmosphere is just fantastic and irrespective of whether guests are basketball fans or not they always have a great time at the Breakers."

David Lamb and Sam Shuttleworth, Partners, PWC

"The seats were awesome! It was great to get up and personal to the game and hear the banter and play calls etc and seeing the physicality. I love the new format where you have canapes and drinks in the VIP area before the game. Got to meet a few different people there which was great!"

Vaughan Harvey, Director, Harvey Wholesale NZ Ltd

"You're promised an experience that is going to be to incredible, and the SKY Sport Breakers corporate experience delivers on all fronts. There is so much going on and the game is so fast-paced and exciting that our clients have constantly felt entertained. Five stars."

"We use [corporate hospitality] for customers we are just starting to develop a relationship with. It's a way of showing them the benefits of shopping with Gilmours. And it goes a long way."
